“The wine urges me on, the bewitching wine, which sets even a wise man to singing and to laughing gently and rouses him up to dance and brings forth words which were better unspoken.”

- Homer

“To alcohol! The cause of... and solution to... all of life’s problems.”

- Homer Simpson

Don't panic. I assure you all is well, but there is a whole lot to see here. The wine list is entirely Greek. The. Whole. Freaking. Thing. Nothing from anywhere else. So feel free to explore, ask questions, and I promise there are wines here you will love. Wines you will love so much you will hug them and squeeze them and name them George. The wines are listed by body weight and style. That way if you, the intrepid wine drinker, know what style you are looking for, you can find the right wine. You love Malbec? Greece has a wine for you. Sancerre your thing? We got you. Either way we are here to help you find a great bottle. Again, don't panic. Ask any questions you want about wine but in the end the answer is 42. Oh, and we sell it all retail as well.

“When men drink, then they are rich and successful and win lawsuits and are happy and help their friends. Quickly, bring me a beaker of wine, so that I may wet my mind and say something clever.”

- Aristophanes

WHITE WINES BY THE BOTTLE

Light, racy wines that are clean and bright

If you are looking for a refreshing, easy-drinking white wine, you are in the right place. This is the wheelhouse of Greek white winemaking. Traditionally Greeks love their white wines in this style to accompany their cuisine. These wines sing when paired with seafood. Even if these wines may have nuance and great character, they are light in style and never heavy. No oaky butter bombs here, folks.

Medium-bodied and aromatic white wines

So this is a tricky category. A good tricky. Mainly because even when Greek white wines are medium bodied they keep the same clean, racy finish that is a hallmark of all Greek wines. On the mid-palate these wines certainly have richness along with being lush and sexy, yet are never too heavy or ponderous.

<i>The way they used to make it back in the day.....</i>	

Full-bodied, sumptuous white wines

Here are the decadent, opulent whites that make you have naughty thoughts. These wines are not common in Greece. There are few full-bodied wines from Greece because Greeks traditionally liked their white wines very light to go with their largely vegetable and seafood based cuisine. There are now a range of glorious, full-bodied wines that remain truly Greek, yet satisfy a modern desire for the big and bold.

Full-bodied and muscular reds

To make the obligatory Greek mythology reference, here is the Zeus category of Greek reds. Big, explosive and prone to bad decisions, just like the king of the gods. All right, so maybe not exactly, but these wines are where you find the highest alcohol, biggest fruit flavors and most pronounced tannins.
